Slides

HTML slides (may be slow to render; best viewed in Chrome). PDF copy (warning; italics missing!)

Estimate requirements

To run this example, you need the following R packages installed

```
install.packages(c("knitr", "bookdown", "kable", "printr"))
```

rticles

For `rticles` you will need:

```
install.packages(c("rticles"))
```

Extra R dependencies to remake these slides (not required for session)

```
install.packages('devtools')
install.packages('webshot')
devtools::install_github('sje30/sjemea')
devtools::install_github("thomasp85/patchwork")
```
